ASSISTANT DEAN, SCHOOL OF MEDICINE

RE: Redlegation of Authority - Service Agreements, Specific to Medi-Cal Application/Agreements and Medi-Cal Disclosure Statements

The authority to execute service agreements required with outside organizations, agencies, and individuals to implement approved programs and activities, whether the University is the supplier or recipient of the service covered by the agreement, was delegated to Chancellors by Presidential Delegation of Authority DA 1058, December 30, 1991. This authority was redelegated to the Vice Chancellor and Associate Vice Chancellor-Administrative and Business Services; the Chief Executive Officer, UC Irvine Medical Center; and, the Dean, School of Medicine, on November 12, 2009 (IDA 491).

The Department of Health Services (DHS) requires that Medi-Cal Physician Application/Agreements and Medi-Cal Disclosure Statements be completed in a timely manner. Meeting these requirements is the responsibility of the Assistant Dean, School of Medicine.

I am redelegating the authority provided by the above mentioned delegations, DA 1058 and IDA 491, specific to the execution of Medi-Cal Physician Application/Agreements and Medi-Cal Disclosure Statements for the University of California, Irvine, to the Assistant Dean, School of Medicine.

This supersedes IDA 301, issued February 4, 2000, on the same topic.
